

Ukeru® training is provided on key concepts — such as trauma-informed care and conflict resolution — as well as the physical techniques and tools that help manage challenging behavior. Customized to fit the unique needs of an organization, we offer direct user trainings as well as a train-the-trainer series. Training is straightforward, easy to implement, and focuses on what caregivers want to do most – communicate effectively with clients and avoid stressful, escalating behaviors

Cultural Assessment

Ukeru also provides comprehensive organizational assessments and tailored plans to help shift cultures and create an environment focused on comfort rather than control.

The cost for a Cultural Assessment begins at **\$1,650 per day**.

Our Case Formulation Services include:

- A review of historical records, observations and assessments
- Interviews with key stakeholders (parents/guardians, organizational staff, school personnel, etc.).
- A final report on our findings
- A Support Plan based on a trauma-informed approach.

The cost for Case Formulation is **\$4,000 per day**. Additional costs may include any time spent off-site reviewing records or writing reports. These costs are billed at a rate of **\$100/hour**.
